UNSER ZEICHEN**Subject: Hycom hydraulic test equipment for Airbus aircraft**

Dear Mister Dick de Winkel,

herewith we are pleased to confirm that we are using the following hycom test equipment to our full satisfaction in terms of performance, durability and maintenance:

- Hydraulic test carts , model HT2000-E/1-S
- RAT test equipment, model HRK01
- Fixed hangar housed hydraulic system

The test systems are in operation at the final assembly line of the A318, A319, A321 production line in Hamburg.

Sincerely Yours

H. – P. Stelling
Maintenance Production Line
